22 August 2024

TVMC - Inter Masaajid Football Tournament 25 August 2024

Thames Valley east Masaajid Council (TVMC) is pleased to announce a major football tournament, great fun day for young and old and a truly inspirational event for the Muslim youth on Sunday 25 August at the Arbour Park Stadium, Stoke Road, Slough, SL2 5AY. Hundreds are expected to attend what is planned to become an annual event from now and is part of the TVMC aims to foster effective interaction to promote unity for the Muslim community in the Thames Valley East area.

TVMC is proud of the Muslim youth showing leadership, commitment and hard work during the last few months to make this event a reality. Impressive to note that the event organised by the Muslim youth themselves will have 30+ teams of kids of different age groups participating in the tournament.

This is one of many initiatives being developed by the TVMC to promote healthy activities for Muslim youth to become good responsible citizens. All teams are sponsored and supported by local Masjids from Slough, Windsor and Maidenhead areas which are part of the TVMC consortium.

Important to emphasise that TVMC is filling a big gap left by cuts and underfunding across the public services in particular the youth clubs and other provisions. This event shows how TVMC will be looking to forge effective partnerships with Statutory and Voluntary organisations to identify and address community needs in this region.
